Greetings: May you all have a safe and happy 4th of July. As we are enjoying all the festivities let us also remember our military and all we have to thank them for. To all of you classmates who served - thank you for your service.

Sorry I missed the June meeting but I was able to see and listen to the rather haunting call of the loon and watch the eagles as they flew over the water. Fun to watch them as they swoop down and come up with a fish.
Never get tired of watching them. One can only marvel at the wonders of God's universe as you sit by a fire and watch the reflection off the lake of a beautiful sunset. Also relaxed enjoying several lazy pontoon boat rides around the lake. A little R & R is always great.
On July 18 at 11:30 we meet at TBocks in Decorah for our luncheon. Everyone knows where that is. We usually meet in the back room. We should be safe from a heavy snowstorm this month. Hope to see you there. Sonja

Does anyone have any more info on the invite from the Class of '58 ?
Wondering about date, etc.
