

ATTENTION.....BLUFF COUNTRY CRUISERS

This darn COFID 19 sure has put a damper on alot of things, it just doesn't understand classic cars need to cruise. Hope everyone has stayed SAFE!

That being said I was contacted by Lynn Monroe, activity director at Wellington Place and she has asked us to bring our cars out to have residents see. So, I have set June 3rd 2020 for that date. Please meet at the Old Walmart parking lot no later than 2:45 so we can be out there by 3:00. Rain date will be June 10th the same time.

As we know a lot of restaurants aren't open yet, that being said on June 10th at 6:30 meet at the St. Aloysius Church parking lot in Calmar and we will cruise to the Barrell Drive In in West Union, you can eat in your car or there are picnic tables available. Also bring lawn chairs along as we may find a place to park our cars socializing 6 feet apart just to enjoy some conversation.

At this point we all could use that, I'm sure a little of your spouse's words of wisdom are quite boring at this point!
