

April 7 2016

Greetings from my new residence in the town of Monona. I am basically moved but still have some things out in the country. I will still have cleaning to do out there and when it ever warms up will have to start on some yard work. Moving is certainly not for the faint of heart. A month ago it felt like spring was here - now it does not. We have been blessed with the strong winds and cold temps. But I guess this too will pass and pretty soon it will be hot.

Wed. April 20 we will meet out at Pinter's Gardens & Pumpkins at 2475 State Hwy 9. As you all know this is on the hwy. toward Ridgeway. We will meet at 11:30 for lunch. Bring your spring garden lists with you.

Wish for a nice sunny day.

See you there.

Sonja
