

August 1, 2017

Greetings. Here it is already - August - where does the time go. Remember when our parents used to say that and we didn't really understand what they were talking about. Now I understand. I guess we understand a lot more of what they said now than we did 50 years ago.

#Today is a lot cooler outside. A few sprinkles but supposed to be more on the way. My little corner of Iowa has received plenty of rain - flooding in parts of NE IA but there are areas of Iowa that are very very dry. Feast or famine was another line from years ago.

We will not meet in Sept. for a noon luncheon because of the reunion. Thinking of the reunion give a little thought to our future reunions. There have been a few things brought up and should be discussed. Because of our advanced "maturity" do we want to meet more often than every 5 years for a reunion? Evening or daytime? Every 2 or 3 years? This would not affect our noon luncheons. Just a little heads up to be prepared to discuss at the reunion. This reunion sounds like a good time - Sat. Eve.

and then again Sun. at Winery. Should be lots of time for smart talk and catching up - hope to see you there.

Aug. 16, 11:30, Fish Hatchery. Come with your brown bag or you will be hungry. Pack it at home or stop on the way and pick up a sandwich and something to drink. Mary Ellen says if it rains we can sit on their porch. I'm sure you all know where the Fish Hatchery is - close to the Decorah Eagles. Many of you have probably been following them. The eagles have attained a real "star" status. Hope to see you on the 16th. Take care and stay healthy. Sonja
