MONDAY, MAY 10TH, 2010

MAY STATED MEETING AT 7.30 P.M.

Brethren;

Your Building Association held a special meeting to talk about the leak in our roof. After having two professions and the members of the Building Association look at the roof we made the decision that we had to have the roof completely re-done.

Two bids were accepted and the low bidder will start work as soon as possible. The cost for this work will be a little under \$12,000.00. Yes, twelve thousand dollars.

The next issue we have to look into is the front of the building. Please, next time you go by, stop and look at the front of our building. You will see it is in need of repair. We are getting some bids for this job as well.

Please, if you see Brother Dave, Karl and Warren thank them for all their work.

In our Lodge we have an old alter and warden station stands. If any Brother is interested in buying these we will accept a sealed bid by 7.15 p.m., May 10th, 2010.

I am attempting to set up a tour at the Iowa Masonic Library in Cedar Rapids, Iowa. After talking with staff at the library, their recommendation is to allow three hours to see everything. A possible date is July 17th, 2010 and I will have more information at our May stated meeting.

As you know, April showers bring May flowers. Let the Masonic spirit in you grow like the May flowers!

See you at OUR Stated Meeting, May 10th, 2010.

Fraternally yours,

Tim Felton, Worshipful Master
Great Lights Lodge #181
