

BLUFF COUNTRY CRUISERS NEWSLETTER JUNE 2020

I wish I could say we have lots of car shows to look forward to but that's not the case. Here are the ones I know are still going on: **July 18 McGregor with Registration 9-noon \$ 10.00 and July 19 Sumner Car Show with Registration 9-noon \$ 15.00 at the High School.**

As we try to get our lives somewhat back and navigate through our new "normal", we have decided to try and schedule dates to get together to mingle and eat.

About 14 cars went to Wellington Place to show our cars to the residents and eight cars went to the Barrell Drive Inn to eat. Have been seeing a lot of classics out and about lately.

Long John Silvers will start their cruise night this month on the last Wednesday of the month: June 24th, July 29th, August 26th, and September 30th.

I have lined up a couple of cruises for now. Hope to do more later like in September or October. We won't hold meetings, just good conversation, food and of course "refreshments"!

July 8th. (Wednesday), meet at the Train Station at 6:15 to go to the Fort. To help with accommodations I'm asking you to please call me no later than Tuesday, July 7th with your reservations. If you are meeting us there please let me know that also. Weather permitting we will eat outside.

August 2nd. (Sunday), meet at Old Walmart parking lot at 10:30, we will be going to the Road House just over the Lansing bridge for dinner. Call by August 1st. for a head county. They have outside and inside dining.

August 12th. (Wednesday), meet at the Train Station at 6:15 to go to The Place in Protivin. Call by August 11th.(Tue) if going. If meeting us there let me know that also. Outside and inside seating available.

Restaurants are definitely accommodating their customers and following procedures set by the State Department of Health. If we all do our part and use common sense we can make this work.

Looking forward to seeing everyone once again.

Stay Safe,

Phyllis

HMM ... HOW WOULD YOU FIGURE HOW MUCH WOOD A WOODCHUCK COULD CHUCK? ... IF HE COULD CHUCK WOOD, THAT IS.

You're a plugger when that occasional light bulb that turns on your brain is on a dimmer switch.

CAN I REALLY HAVE SOME?

SURE, IF YOU THINK YOU CAN HANDLE IT.

Time spent with Grampa gives a little a plugger a chance to sip an "adult beverage" ... prune juice.

The true loves of a plugger's life are his wife, his old pickup and his dog. His problem is the order they fall in.
