

*Happy New Year to all of you. We have been having some real cold weather here in NE IA - we have some snow but not too much and today the sun is shining so it feels warmer. Some of you who are in the southern area have been getting colder temps and even snow. Just a reminder so you don't forget what it feels and looks like.*

*January 17 is date and Pizza Ranch (back room) is the place - hope the weather cooperates. Hope all are doing well.*

*Take care and stay well. Hope to see you the 17th. Sonja*
