

Greetings Friends: I hope this finds you all doing well. Looks like this virus plans to stay around for a while yet so we better learn to live with it. We had a nice turnout in Sept. so plan to do the same in Oct. So, bring a sack lunch if you want or order off the menu at the Winery. Maybe tuck in a chair in case it is nice like it was today, and we can sit outside. This arrangement is OK with the Winery. If they should happen to get an event scheduled, we will plan on eating outside - there is a nice patio area. So, hope to see many of you on Wed. the 21st.

Take care and stay well. Sonja
